The Teachers Association of Washington TO THE EDITORS OF THE EVENING STAR ! Messrs. Editors : Will you allow me as a friend of the cause of education in general. and as a friend of teachers in particula , to call special attention to the Teachers Assoeistien of this city, now holding weekly meetings at the Smithsonian Lecture Room

Since the meetings have been revived for the usual season, they have been well attended occasionally, and conducted with interest. The number of public and private teachers in this city is about one hundred. A small portion of these teachers, however, (from ten to twenty, and sometimes less than ten.) attend these meetings, except on a special occasion. One thing we venture to assert as a fact, and that is, that those teachers who are he most prompt and constant attendants at these meetings. are among the best qualified and most succonful; and really least need the advantages they offer. But as they know what the ad vantages are, they of course are most ready to avail themselves of them Now may we not infer, that those persons engaged in teaching schools, who de not feel interest enough in their profession, or in qualifying themselves theroughly for their work to attend the meetings of the only teachers' association in this region, are not worthy of their position? Are the teachers of Washington so much better prepared for the duties of their calling than those of our most highly favored States, who hail with pleasure the frequent meetings of Associations and of Teachers Institutes. as that such meetings cannot benefit them? so, then it would be a work of benevolence for them to at end these meetings and enlighten those who attend them, because they wish to improve. Where are the teachers of our Pub lie Schools? Do they desire any thing be

pothing to themselves, to their profession, and to their employers? Can they not learn something more about the improvements in the art of instruction, and the progress of the cause? Do they know that this city is more than twenty years behind many other cities, and that the fault lies mainly at the teachers door? Do they not see that the teacuers calling will be respected by the public only as teachers respect it themselves? Where are our city fathers who have charge of public instruction? Have they no interest in these meetings? How many of the Trus tees of Public Schools have ever attended this Association in the last five years! How many

youd their monthly wages? Do they owe

have urget the teachers to attend who are under their supervision? Where are the citizens of Washington? Have they no interest in this matter? Is not the education of their children more important than the acquisition of money, or a little present grat fication of the senses? Will you not attend these meetings and learn the true spirit and qualifications of these teachers, to whose hands you have committed so much of the destiny of your children? -The next meeting will be on Saturday, at 4

DE MORSE S INVIGORATINGCORDIAL A PHENOMENON IN MEDICINE. LIEALTH RESTORED AND LIFE LENGTHENED, by DR. MORSE'S INVIGORATING

ELIXIR OR CORDIAL.—At first the properties attributed to Pro. MORSE'S INVIGORATING ELIXIR OR CORDIAL were deemed fabulous. The public often deceived, sould not believe the simple and sublime truths announced by the discoverer .-But facts, undeniable facts attested by witnesses of the highest class and character, are now triumphing over all doubts. INCREDULITY IS OVER-THROWN by a mass of testimony which is perfectly irresistable. The ELIXIB remedies, in all cases, the deplorable

evils arising from a misuse or abuse of the various organs which make up the worde ful machine called tien connected with that mysterious compound agency of matter and mind, necessary to the repre duction of human life. To persons of feeble muscular frame, or deficient in vital power, it is recom mended as the only means of communicating that energy which is necessary to the proper enjoyment of all the natural appetites, as well as the higher mental attributes. Its beneficial effects are not con fined to either sex or to any age. The feeble girl, the siling wife, the listlese, ernevated youth, the overworn man of business, the victim of nervous de pression, the individual suffering from general debility, or from the weakness of a single organ, will ail find immediate and permanent relief from the use of this incomparable renevator. To those who have a predisposition to paralysis it will prove a complete and unfailing safeguard against that terri ble maindy. There are many, perhaps, who have so trifled with their constitutions, that they think themselves beyond the reach of medicine! Let not even these despair. The Elixir deals with disease as it exists, without reference to causes, and will not

only remove the disorderitselt, but REBUILD THE BROKEN CONSTITUTION. The derangements of the system, leading to nervous siseses, and the forms of nervous disease it self, are so numerous that it would require a column to enumerate the maladies for which this prepararation is a specific. A few, however, may be enume rated, vis: neuralgia, tic dolereaux, hea tache, incipient paralysis, hysteria, palpitation of the heart, spias affections muscular debility, tremers, fiatulence of proceeding sensation in the flesh, membress, torpid ity of the liver, mental depression, weakness of the will, indisposition to move, faintness after exercise, broken sleep and terrifying dreams, inability to re main in one place position, weakness of the procreative organs, sexual incompetency, melancholy monomania, fluor albus, nking at the stomach, fe riage, emaciation, and all complaints growing out of

that does not proceed from organic causes beyond the reach of medicine Whenever the organs to be acted upon are free from malformation or strictural diseases it is averred

a free indul ence of the passions, and all barrenness

MORSE'S INVIGORATING MLIXER will replace weakness with strength, incapacity with efficiency, irregularity with uniform and natural sotivity, and this not only without hazard of reaction, but with a happy effect on the general organisation.

Bear in mind that all maiadles, wherever they begin, finish with the nervous system, and that the paralization of the nerves or motion and sensation is physical death. Bear in mind also, that for every kind of nervous disease the Klixer Cordial is the only reliable preparation known.

CAUTION. DR. MORAL'S INVIGORATING CORDIAL has been coun terfeited by some unprincipled persons.

In future, all the genuine Cordial will have the proprietor's fac simile pasted over the cork of each bottle, and the following words blown in the glass Dr., Morse's Invigorating Cordial, C. H. RING, Proprietor, N.Y.
